Join us for our 25th year of summer day camp! Our weekly themed summer day camp is a great way to allow kids to have fun while they learn how to make new friends, build new skills and grow in self-reliance. Each week we will use team building activities to challenge our campers to use their critical thinking and investigative skills as they solve problems together, diffuse conflicts and develop lasting friendships all while having fun as they explore the out-of-doors. Check out our website for more details.
